Diploma Prosthodontics

At Advanced Centre of Excellence (ACE), it is our aim to provide excellent, supportive education to our delegates. By our delegates side, we will assist you not just throughout your training but also continue to support you after completion of a course.

We acknowledge and want to encourage shared learning with other course providers that meet the learning aims and objectives. Working in partnership with them will give you, the end user, the FLEXIBILITY of (1) learning from educators that are good in their fields and (2) signing up to their courses, directly with them, at a date and time that suits you the best.

All courses are hands-on in nature, evidence-based research and learning with practical experience, while also featuring small intimate seminars and unlimited support.
